## Victory Dance Nov. 11 Pioneer Hall In Anson

Pep squad leaders and their assistants of Hamlin, Anson and Stamford, have been invited to be guests of honor at a dance at Pioneer Hall in Anson on the night of November 11, with music by Jack Free and his orchestra, according to B. L. Jones, president of the Cowboys' Christmas Ball.

The dance will be in the nature of a home-coming for college students and also a victory dance for Anson or Stamford, which ever wins the traditional grid battle at Stamford that day.

Dancing begins at 9 P. M., and a large crowd from all three towns of the county, as well as other places, is expected.

Ask the Herald for office supplies. Many lines are carried.

## Former Hamlin Man Killed Near Austin

Perhaps many Hamlin people will remember Alvis S. Richardson, as a boy who attended Hamlin schools and resided with his parents in the Dovie community or on Flat Top. Alvis died from injuries in an automobile collision late last Saturday night near Austin. He was 32 years of age. His parents, Mr. and Mrs. M. F. Richardson and one brother live in San Marcos. Two children, one son, Gene and a daughter Phyllis and their mother, reside at the Walton home southeast of Hamlin. Mrs. Richardson and children and Wallace Walton went to attend the funeral which was held in San Marcos Monday afternoon.

Young Richardson was an automobile salesman for a firm in Austin. Two Kelley Field soldiers were in the wreck and also were injured.

## The F. & M. National Bank Passes The \$1,000,000.00 Mark

Tate May is still in the Abilene Hospital. He was returned there last week a second time in recent weeks. He improved and was brought back to Hamlin Monday and again the asthma became so bad they took him back to Abilene, early Thursday. On his first stay in the hospital he was placed in a room where all the air received had been treated to remove excess moisture and any vegetable pollen. Perhaps with dryer weather and after frost he will improve.

The hope, and not the fact, of advancement, is the spur to industry.—Sir Henry Taylor.

## Railroad Man Killed On The Katy Track

R. T. Harvick, Katy track worker, was suddenly killed Thursday, November 6, about 11:30 A. M. when the Section motor car jumped the track near Hamlin East Cemetery.

There were five men on the car including Harvick, Foreman Harley Hall, Ellis Jones, Pate Bingham and Garfield Hall. The foreman was injured to some extent. The others were unhurt, according to reports.

The deceased leaves a wife, and one daughter. Funeral arrangements had not been announced late Thursday.

For the first time in its history, deposits in the Farmers and Merchants National Bank of Hamlin passed the million dollar mark. At the close of business October 30th, deposits totaled \$1,014,285.00. This represents an increase in deposits this fall of \$383,000.00. On the same date their loans have been reduced to \$285,000.00. J. W. Ezell, president, said that farm loans were expected to be paid 100 per cent before January 1st. The bank is also carrying Commodity Credit Corporation cotton loans in the amount of \$375,000.00, bills of exchange on cotton in the amount of \$108,000.00, and bonds and warrants in the amount of \$75,600.00. Capital of the bank is \$40,000.00, with surplus and undivided account totaling \$45,700.00.

Despite continuous rains in the Hamlin territory, the farmers have gathered approximately 70 per cent of the cotton and have received good prices for cotton and seed. An immense feed crop has also been produced this year, but much of it still remains in the field and is being damaged by the continual wet weather. At the present time due to the lowered prices, 75 per cent of the cotton is going into the government loan.

Officers, directors and employees of the bank are: J. W. Ezell, president and director; Tate May, vice-president and director; W. J. Bryant, vice-president and director; W. C. Russell, cashier and director; J. B. Davenport, director; Miss Lennie Greenway, assistant cashier; Alvis Bond, teller, La Foy Patterson, Jack Russell, and Teddy Russell, bookkeepers; and Clara Louise Shelburne, stenographer.

## CHURCH OF CHRIST

Mt. 14:23, "And after He had sent the multitudes away, He went up into the mountain apart to pray; and when even' was come, he was there alone."

# "Aroused" Arise, America!

## Armistice Day 1941

It's a long journey back to 1918. . . . .  
Back to that day in November when whistles and sirens sounded and American hearts thrilled, when men and women marched and bands and confetti enlivened every avenue of American life, and for that matter, every nook and corner of all nations . . . . . back there in 1918, you know.

In this good November day of 1941, in Hamlin, as well as in all American communities, there is a cause for being "Aroused," and as we approach this another November 11th, there is no thrill of joy because of what has ended, but a feeling of "arise" as the American Eagle signifies, for instead of a Day of Armistice, there appears danger ahead again.

But American people do not quickly forget the heroism, and the sacrifices the flower of American manhood undergoes for the sake of our Liberty.

So on the near approach of Armistice Day of 1941, next Tuesday, there is so much need for the keeping of another sacred day. The mature men of this year 1941, were the heroes of 1918, men who thought they had succeeded in "Making the World Safe for Democracy," and this thought was also the

feelings of most Americans. All honor to the men of 1918, for in 1941, they are almost as a unit in being aroused to the apparent danger, far greater than that of the years of 1914-18, and no greater bunch of patriots can any nation point to than the men whom we welcomed back home in 1918.

Regardless of world conditions this November 11, 1941, somehow, no other day is quite so adequate as Armistice Day.

Hamlin people have made no special arrangements to observe next Tuesday, Armistice Day, except by mutual consent, most all retail business houses will likely be closed. Out of remembrance of those who died for our nation, and to honor those who yet live, and breathe defiance to all manner of despots, dictators, and despoilers of liberty, let's observe the Day befitting an appreciative people.

Let us go back to think over again the sacrifices our young men made in other days, and let's pause to survey why we are again in a world of danger, and how we should conduct ourselves to really make Democracy work and bring about a real armistice among nations.

## Get Ready For Winter

### Gas Men Warn Users

Local gas users are being urged by officials of Community Natural Gas Company to check their appliances and house piping now, to be sure they are ready to go into the winter heating season.

"It's a mistake to wait until really cold weather sets in before making sure that appliances and piping are in good condition," the gas men point out. "The beginning of the heating season often means several accidents involving gas equipment. Stoves are sometimes carelessly set up by inexperienced people. Worn out rubber tubing is used to connect appliances to gas connections. Wall cocks may have been battered and loosened during

the summer and fall adjustment of furniture. Accidents from any of these sources can be eliminated by having a test made for leaks, and correcting any possible hazards around the house."

Through the summer months the gas company's crews have been busy extending and repairing service and main lines, replacing worn equipment, and getting their whole system in readiness for the heavy winter demands of its users. "In the face of rapidly rising operating costs of all kinds, while gas rates remain at the same low level, the gas company is striving to keep its property and equipment in first class condition to protect the service of its customers. No gas service, however, is better than the equipment in which it is used," local gas men warn. "That's why we urge our customers each year to get

their equipment in shape for winter before they need to use it constantly."

## Armistice Day

By Clara Spratlen

With Europe again at its age-old game of war, climaxing an uninterupted series of armed clashes over the world since the last world conflict, and with so many of us on tenterhooks lest this nation become involved, this may seem a strained time to mention Armistice Day. The future, we may say, looks entirely too bleak. Nevertheless, November 11 is still to be observed as a memorial day. This day is a legal holiday in most of our states and is to me one of the most important of all holidays. For those who question this, there can be many answers. In the first place it signifies the cessation of the first World War which was fully paid for by American lives. This alone should stir our hearts greatly and arouse a greater love for the freedom in which we are now living and which is becoming more and more threatened.

There are some who will spend the entire Armistice Day without one thought as to what it signifies. In London this anniversary is observed by a two minutes' silence in memory of the fallen, together with a special service at the Cenotaph in Whitehall. The two minute silence is usually observed throughout the British Empire. In the United States November 11 is a legal holiday in 23 states and is observed in the others by the Governor's proclamation. The day is marked by appropriate ceremonies, including parades and campaigns for the relief of war veterans. Therefore we are assured that this is an important holiday.

We know now that we can never stop war or make the world safe for anything but when we remember that Armistice Day came for us only at the price of blood, every American should be able to lift grateful hearts and to breathe a prayer for another Armistice Day.

## Junior Jamboree Tomorrow Night

There is something new in Hamlin! It's the Junior Jamboree that is to be held tomorrow night, Nov. 8, in the High school building. It begins at 7 o'clock and is climaxed later in the evening by the coronation of the High School Queen in the Auditorium.

The Jamboree is made up of a group of inter-class contests and games. Each game counts so many points, and the class receiving the largest number of points is winner for the evening and will receive 20 per cent of the gate receipts for the Jamboree. The competition promises to be stiff, so the public is urged to come early and watch the contests.

There will be competition in: Ping Pong, Shuffleboard, Chinese checkers, volley ball, boys' basketball, 42, dart throwing, archery, egg football, checkers, rubber horse-shoes, rifle range, and dominoes.

Before the beginning of the coronation, each class will present a stunt in the auditorium. The class giving the best stunt will receive a prize of \$2.50 and the second best will be given \$1.00.

Following the stunts the High School Queen will be crowned.

Admission into the Jamboree is 5c to enter the building and 10c for the coronation ceremony.

## Queen's Race

### Draws to Close

The race to elect a Queen for Hamlin High school closes tomorrow, Nov. 8, at five o'clock.

Nominees in the race include a representative from each of the four High school classes. Jo Nell Newberry represents the freshmen; Charlene Durham was chosen from the sophomore class. The juniors chose Billie Faye Rountree to represent them in the race, and Bettye Abbott is senior's choice.

All persons wishing to vote must have their money in the box of the queen for whom they wish to vote before five o'clock, Saturday afternoon. Results of the race will not be announced until the Coronation ceremony that night.

## He's A Real Piper FERGUSON

This loyal Piper seen about the study halls and class rooms is known to most of his school mates as "Pig." He never has told us why and although one of his friends did explain the nomenclature, Pig denied it.

He is a senior and plays full back on the Hamlin foot ball squad, and if nothing happens, he will carry away his second letter this year.

He likes sports of all kinds, but listed first among his dislikes is the demerit system. (Why don't you stay away from it, Pig?) He prefers blondes, brunettes, red heads, and any other kinds. Bookkeeping is his first choice of subjects. Abbott and Costello are his favorite actors; and tops as an actress is Dorothy Lamour.

His ambition is to be principal of Hamlin High school.

We salute you, Ferguson—A real Piper!

Mary Nell has a new boy friend—a tall, blonde senior. Umm huh; lots of us girls are jealous, but who blames us?

## Slush From the Slimes

(The Fish don't want to be left out, so here's their gossip this week) What makes Verna Mae Colwell blush so when John Brown is mentioned. We wonder!

Well! Well! If we don't have a romance budding in the freshman class. Keep up, Colleen! We like cotton hair, too.

It seems as if our queen, Jo Nell, has picked an upper classman, but stay right in there, Jo Nell.

The senior girls think the freshmen boys are cute. Wow! What do you think the freshman girls think of those senior boys?

What makes little Jeannine J. blush so when our freshman president is mentioned? Oh, Jeannine, you lucky girl.

I wonder why Nellie Jo has so many pictures taken at the studio. Johnnie develops them, you know. Can some one tell me why Don Petty's heart is broken? Maybe Bob H. can solve the problem.

Jo Ann, we aren't hearing much out of you these days. Whose the heart throb?

Earlene, do you miss Wayne, much?

Some of the junior girls are saying: "My, isn't Ray the cutest thing you've ever laid your eyes on!" Remember about robbing the cradle, girls.

What's this I hear about Gertrude E. writing a sailor? Ronnie who?

Who is the blonde-headed fresh-

man girl who's making goo-goo eyes at Othel Murphree.

Floy Lee, is it a habit to let Max Harris wear your coat at the football game?

I wonder why Thelma C. and Mamille H. linger at the corner of Inzer's. Ask Don and Bob H. if they know anything about it.

## Hamlin Grammar

### School Beats Rotan

The Hamlin Elementary school foot ball team, accompanied by the pep squad, went to Rotan Monday afternoon, and emerged from a hotly contested game on the long end of a 16 to 0 score. The teams were pretty evenly matched according to weight. The Hamlin backfield had quite a weight edge on the Rotan backfield, while the Hamlin line was considerably outweighed by the Rotan line.

The first touchdown came when Pete Nunez ran down a long lead and took Billy Ray Brown's pass thrown from the Rotan 45 yard line. In the third quarter Billy Ray Brown skirted left end for the second touchdown. The final score came as a fourth-quarter safety.

Outstanding on offense were Billy Ray Brown, plunging fullback; Pete Nunez, halfback; Brad Roland Jr., blocking back, and J. W. Harris, a shifty wingback. Harris averaged better than 12 yards on four carries. The entire line, composed of Jack Gray, F. W. Poe, James Brown,

Donald Ellis, Doyle Dean, James Sedberry, and Jimmy Kidd, played exceptionally good ball both on offense and defense. Dickie Elam turned in a nice job of backing up the line.

The Hamlin boys were impressed by the offensive play of Joe Dell Burke, a former team mate.

Substitutions for Hamlin were Arthur Carlton, Ben Neidecken, and Mack Young.

Officials were Bobby Barrow of Hamlin and Strayhorn of Rotan.

## Students Urged to Read New Books in Library

This week two of Bess Streeter Aldrich's books are reviewed. These two splendid novels are "Miss Bishop" and "A Lantern in Her Hand." Already in the library was "A White Bird Flying," by the same author.

In the story of Miss Ella Bishop, teacher at a mid-western college, Bess Streeter Aldrich has written one of her most inspiring novels.

Ella was very young, very comely and very spirited when she accepted her first teaching appointment. She liked the job—but she liked the idea of one man to love, a cozy home, and children better. When she met Delbert Thompson, she was sure that he was the answer; but she reckoned without her Becky Sharp of a cousin. How Ella Bishop recovers this stabbing wound and builds a new life in which the woman is never submerged by the teacher—makes an unforgettable tale of idealism and courage.

Abbie Deal, brought up in a log cabin in Iowa, took up the covered wagon trail to Nebraska as a young bride. There she lived in a rude shelter on the prairie, raised her young family and accompanied her husband through all the heart-breaking struggles of the pioneer days. Abbie Deal found her reward at a ripe old age, surrounded by her children and grand-children. With a lantern in her hand, she had gone

forth to light the way for future generations. In this book is found the throbbing heart-beat of pioneer America.

## Volley Ball

The Hamlin volley ball team is looking forward to a successful year with Miss Samford coaching, and with a co-operative team, they are expecting a winning team.

The following officers were elected Tuesday:

Captain, Inez Joiner; co-captain, Louise Riddle; manager, Genelle Dean; assistant manager, Zelma Green, and reporter, Betty Lou Hayes.

So far the team has learned the technique in serving, returning, set-ups, and taking the ball out of the net. Both the team and the coach, Miss Samford, are working diligently for the 1941-42 volley ball team.

## Pipers' Last Minute

### Score Curshes Haskell

These last minute scores certainly have carried a wallop this season. They determined the winner of the last three conference games the Hamlin Pied Pipers have played, including the one at Haskell last Friday afternoon.

In the fading moments of the game the Piper's quarterback, Dean Witt, plunged over right guard for the only score of the entire game. The kick for the conversion attempt failed and left the Pipers ahead 6 to 0.

The Haskell Indians kept up a stubborn offensive in the first half but failed to ever penetrate the 15 yard line.

The old saying that the third time is a charm seemingly came true and put the Pied Pipers in the luck. They were within 25 yards of a touchdown three times and were still driving hard; but each of the first two times they were put behind the 45, with the last time

## A SALE WITH A REASON

A sale like this, with prices like these, in the face of prices getting higher every day, is a real God send to the people of Hamlin and community. You may wonder why we are doing it. We have two reasons.

FIRST: Business is good with us. We are getting along nicely and we realize we owe it all to you. Hence this sale to show our appreciation of your business.

SECOND: We want to clear out all our present stocks so that for spring we can show you, as usual, all new styles. It takes prices to do this and we are making them.

being caused by Haskell's interception of one of our passes. The third time the Pipers started from the 40 yard line carrying a determined will along with the ball. With this irresistible force formed in the Pipers' minds and a series of passes plus a penalty, the Pipers carried the pigskin to the two yard line, from where Dean Witt went over to ring the cash register.

Slowed down by a wet field, the game was marred by fumbles and penalties. The passing and running of Dean Witt sparked the Pipers' performance, while Peterson, Holcomb and Brock were the Indians' spearheads; although the whole team showed the warrior spirit.

Ralph, who's your new girl? Church is the best place you can go isn't it, La Nell?

Will someone tell us why Thelma C. won't wear shoes with high heels? A little birdie just whispered that she might be taller than he is.

Why, Rose Mary B. and Edwin P., we thought you were too old for this note stuff. But we don't know; you may have the right idea, after all.

Tut, tut, Milton Fletcher, you're a big boy now and you just can't play on light dining room chairs; they absolutely will not hold you up—even if you are careful just to do freshman tricks on them.

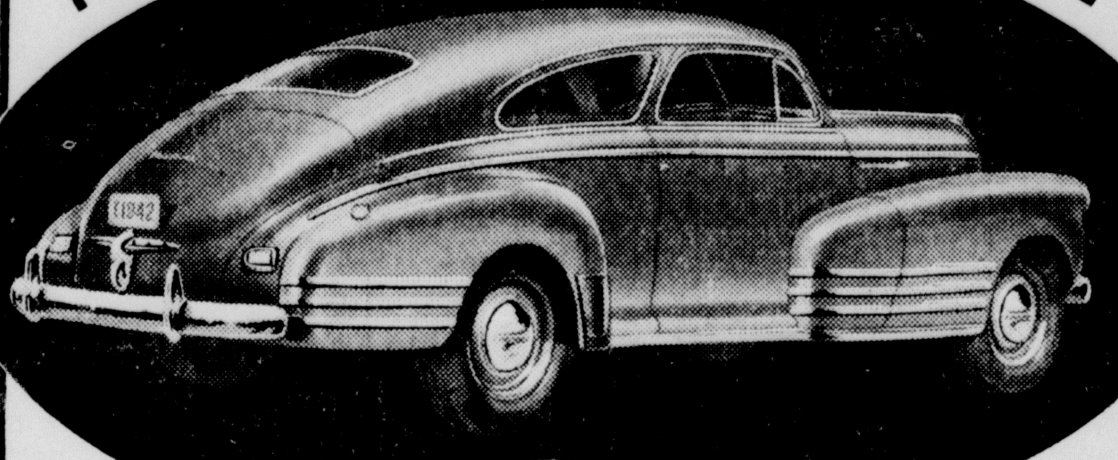

We have one of the brightest students in Hamlin Hi. Yes, sir, it's Pig Ferguson. If you don't know how immigrants get to the U. S., ask him. Mr. Morton might have new ideas about it now, after hearing Pig recite.

Bill H., who was that pretty blonde you were with Friday night? By the way, is that Vada's bracelet you are wearing?

Selma H. and Harold N., you don't have to act like little children about certain things. You could have compromised about the sign for your queens, you know.

Keep up the present spirit about the queen's race. Friendly rivalry is the key note—and we can hardly wait to see who wins.

**TEN YEARS AGO . . .** An average refrigerator cost \$350. You had to pay \$75 to \$100 down and monthly payments of maybe \$20 to \$30. ## POT SHOTS FROM McCAULLEY

—BY GEO. DARDEN—

The High School Carnival was a success and something over one hundred and seventy dollars was taken in. Bingo, doll racks, hamburgers and cakes and pies and everything that it takes to make a real carnival was to be had at the High school carnival. The money for High School Queen was over a hundred and seven dollars. Bess Darden, a Junior, was crowned Queen of McCauley High School after receiving something over 4,400 votes. The sophomore queen was second.

the senior queen third, and the freshman queen fourth. The queens and escorts made a beautiful picture and we can truthfully say that all the girls were beautiful in their long flowing evening dresses and each class queen was truly a queen.

Well we have had some winter, and a lot of folks are hauling out their old heating stoves and it looks like we will soon be sitting around the fire popping pop corn during these long winter evenings.

Miss Mildred Mason from Chicago is visiting her mother and sister, Mrs. Flora Mason and Miss Gertrude Mason in McCauley.

Weldon Butler of Abilene and Jean Crowder of Sweetwater were week end visitors in the O. T. Hennington home.

Marvin Davison was home Monday and Tuesday. He is a student at Denton.

Johnnie James Maberry has returned to his home, after being employed with the Construction Quartermaster Dept. at Bay Town.

The children of Mrs. Etta Stephenson were home over the week end. They were: Mr. and Mrs. Roland Stephenson of Tucumcari, N. M.; Mr. and Mrs. Virgil Stephenson of Big Spring and Prof. A. W. Stephenson and family of Abilene.

F. I. Rector handed us a dollar bill for a year's subscription to the Hamlin Herald. Thanks, and that is a good way to get your name in the paper.

The Methodist ladies served dinner in the Darden Cafe building on last Saturday and we didn't know there were so many hungry folks in McCauley, and this town sure needs the cafe open all the time, and due to other business, it's for sale or lease. See this scribe if you have your trading clothes on.

We see in the paper where the F. & M. Bank at Hamlin has passed the million dollar mark. That speaks mighty well for this part of the country, after all the sandstorms, rain, boll worms, and what not, this is still about the best part of the United States.

We haven't had much time to gather much local news lately, so if you know of anything that should be in this column, please report it. Thanks to Eddie Jay Bakery for buns and bread furnished the P.-T. A. at the High School Carnival.

O-O-O-O

This outfit that call themselves "The America First Committee" should be called the America last committee, and classed with the German Bund and all other bunds that are sponsored by Hitler and his government. If anything makes the one hundred per cent American people tired it is for a few isolationists who believe in making a peace treaty according to Hitler's plan. This bird, John L. Lewis, of the C. I. O., should be made to feel the sting of a concentration camp or else put on a boat and sent to Japan, Italy or Germany, where he could spend all of his time working for Adolph. If anything is un-American, it's calling strikes on National defense projects. The rest of us poor folks are working at all and any kind of jobs without striking and so can the C. I. O. The national welfare of this government should be considered before the labor racketeers get their cut. More power to Walter Winchell and other Americans who pot shot labor racketeers. Woodrow Wilson put a stop to strikes in the last war. It can be done now.

A DARDEN-O-GRAM.
